NEW! NEW! NEW!

For the first time ever, there will be amphibious vehicles in Israel and entering Lake Kinneret! AquaKef purchased 2 vehicles which will tour the area where the center of Tiberias was located 2000 years ago and it will then enter the lake and sail around.

Go back in history to discover the lost theater and Cardo area where only ashes remain.

After visiting inland Tiberias, your tour will continue straight into the water and you will enjoy sailing on Israel's only lake!

“As a parent, one of the most important things at a water park, is safety. I was most impressed by the level of safety at AquaKef. The staff makes sure everyone wears their safety gear, and the many lifeguards are in the water supervising the crowd. The number of people on the rides is carefully monitored. Kudos! Great place!”
